## Face to Face or Synchronous Virtual

- There is not DDSB@Home next year.
- Sinclair is offering Face to Face and Synchronous Virtual learning options.
- Students MUST select ALL of their choice as either Face to Face or Synchronous Virtual (NO mixing)

Note: Asynchronous eLearning options are available for both learning options.

# Course Delivery Options

	Who teaches?	How is the class taught?
Face to Face	Taught by Sinclair teachers	Physically at Sinclair for 75 minutes per class per day
Synchronous Virtual (Formally DDSB@Home)	Taught by Sinclair teachers	Online with the teacher for 75 minutes per class per day. These classes are fully separate from Face to Face classes.
Asynchronous eLearning (DDSB/OELC)	Taught by DDSB teachers and potentially a teacher from another school board that is part of the Ontario eLearning Consortium.	Students schedule their own time over the semester. Students are expected to work on their course for a minimum of 8 hours per week.

# Course Descriptions

- myBlueprint does not have an external course guide. Descriptions are found while entering your courses into planner.
- You can filter by Grade and Discipline and search by key-words as well.

The screenshot shows the 'Plan Courses' interface. At the top, there is a search bar with the placeholder text 'Search Courses...'. Below the search bar, there are two filter dropdown menus labeled 'Grade' and 'Discipline'. The text 'Displaying 249 Courses' is visible below the filters. A list of course categories is shown below, including 'Arts', 'Asynchronous eLearning Courses', and 'Business Studies', each with a right-pointing chevron icon.

# Study/Spare Codes

- You must have completed 24 credits to be eligible for a Study Period.

**STUDY1** – study in semester 1

**STUDY2** – study in semester 2

**STUDY** – study will be scheduled in either semester 1 or 2.

- We recommend that eligible students only select 1 STUDY period. This is because many students change their mind and try to add a class later but find the availability is limited. By selecting 7 classes now students will not have that issue and can always ask for a second STUDY once they have received their timetable in August.
- If students select 2 STUDY periods then the must select STUDY1 and STUDY2.

# Course Codes and Recommendations

- Understand the expectations of the different level. HHS4C1 vs HHS4U1
- Talk to teachers about the Math and Science recommendations.
- Read course info for **IMPORTANT** recommendations. ie. SBI4U1

## SBI4U1 - Biology

 Grade 12  SBI4U1  1 Credit

This course provides students with the opportunity for in-depth study of the concepts and processes that occur in biological systems. Students will study theory and conduct investigations in the areas of biochemistry, metabolic processes, molecular genetics, homeostasis, and population dynamics. Emphasis will be placed on the achievement of detailed knowledge and the refinement of skills needed for further study in various branches of the life sciences and related fields.

### Guidance Message

Students are recommended to have completed both SBI3U1 and SCH3U1 as this course covers Biochemistry.
