Face to Face or Synchronous Virtual

- There is no DDSB@Home next year.
- Sinclair is offering Face to Face and Synchronous Virtual learning options.
- Students **MUST** select **ALL** of their choice as either Face to Face or Synchronous Virtual (NO mixing)

Note: Asynchronous eLearning options are available for both learning options.

Course Delivery Options

	Who teaches?	How is the class taught?
Face to Face	Taught by Sinclair teachers	Physically at Sinclair for 75 minutes per class per day
Synchronous Virtual (Formally DDSB@Home)	Taught by Sinclair teachers	Online with the teacher for 75 minutes per class per day. These classes are fully separate from Face to Face classes.
Asynchronous eLearning (DDSB/OELC)	Taught by DDSB teachers and potentially a teacher from another school board that is part of the Ontario eLearning Consortium.	Students schedule their own time over the semester. Students are expected to work on their course for a minimum of 8 hours per week.

SBI4U1 - Biology

 Grade 12  SBI4U1  1 Credit

This course provides students with the opportunity for in-depth study of the concepts and processes that occur in biological systems. Students will study theory and conduct investigations in the areas of biochemistry, metabolic processes, molecular genetics, homeostasis, and population dynamics. Emphasis will be placed on the achievement of detailed knowledge and the refinement of skills needed for further study in various branches of the life sciences and related fields.

Guidance Message

Students are recommended to have completed both SBI3U1 and SCH3U1 as this course covers Biochemistry.
