JUNE 1 - 5, 2026

## Commitment to Learning

### Overview

In our issues of **Celtics Snippets**, please find snippets of information to support student learning, as well as a look ahead to upcoming key dates.

### Social Science and Humanities

Our Social Sciences Department has been working hard to finish the semester strong while keeping students engaged through meaningful and hands-on learning experiences. Across our courses, students have been participating in class debates, Brain Fair activities, and creative projects that encourage critical thinking, collaboration, and communication. In our Infant and Child Development classes, students have also enjoyed "Fun Fridays," where they explored learning through play and interactive activities. Students also had the opportunity to learn from guest speakers who spoke about important social issues, including Human Trafficking awareness and prevention. Students have also had many exciting opportunities beyond the classroom this semester. Our classes have enjoyed field trips to the Toronto Zoo, the screening of *The Devil Wears Prada*, thrifting adventures connected to course learning, and creative workshops at 4 Cats Art Studio. In our kitchens, students have been busy cooking and developing practical life skills while building confidence and teamwork. We are proud of the enthusiasm and dedication our students have shown throughout the semester.
