Know Yourself

- Who am I?
- Where am I going?
- What are my opportunities?
- How do I get there?

What is your Pathway to Success?

- When you choose courses, it is important that you do some honest self-assessment, matching your ability with your interests and aptitudes
- There are many pathways to the destination you dream of.

Career Life Planning

Who Am I?

- What are my strengths and accomplishments?
- What factors shape me?

What Are My Opportunities?

- What opportunities are available to develop my skills at home, school and in the community?

What Is My Plan For Achieving My Goals?

- What is my plan?
- What are the resources I need to implement my plan?

Who Do I Want To Become?

- Reflect on opportunities explored.
- What are my career/life goals?

CHOOSING MY SUCCESS

The DDSB has created three documents to help students plan their pathways and transition to post-secondary education. These documents are available in the guidance office or on our website.

Educational Planning

- ❑ Students in Ontario have many options for post secondary training
- ❑ Research schools, programs, admission requirements, and prerequisites to set goals + plan your pathways
- ❑ Choose appropriate courses for your abilities and your destination. Be realistic!
- ❑ Consult with liaison personnel from the institutions you are interested in
- ❑ Speak with your guidance counsellor
- ❑ Work and persevere!

There is no
'right' pathway...
you are
planning what is
best for YOU

Types of Courses in Grade 10

ACADEMIC

Academic courses focus on the essential concepts of the discipline plus additional related concepts. Academic courses develop student's knowledge and skills by emphasizing theoretical, abstract applications of the essential concepts while incorporating practical applications, as appropriate.

APPLIED

Applied courses focus on the essential concepts of the discipline. Applied courses develop student's knowledge and skills by emphasizing practical, concrete applications of the essential concepts while incorporating theoretical applications, as appropriate.

LOCALLY DEVELOPED

Locally developed courses are intended for students who require flexibility and support in order to meet credit requirements. These courses review and reinforce the elementary curriculum expectations to provide the skills necessary for further study at the secondary level.

OPEN/DESTREAMED

An open level course has one set of expectations for that subject at the grade 9 and 10 levels. Open courses are appropriate for all students and are not linked to any specific post-secondary destination.

Selecting Grade 10 Courses

→ Read the course Codes Closely:

ENG**1**D1 OR ENG**2**D1

CHC**2**P1 OR CHC**2**D1

PPL**2**O**3** OR PPL**2**O**4**

→ If you make a mistake and there is no space to change classes then you may have to stay with it.

Decoding a Course Code

Courses use a 6-character course code for Identification.

- The first 5 characters of the course code are set out by the Ministry of Education.
- The sixth character is used by school boards to identify a specific characteristic of the course. For example, French Immersion is identified in the DDSB with an "F".

ENL 1W1

These 3 letters identify the subject. The first letter in the course code denotes the course's department area.

A = Arts
B = Business
C = Canadian and World Studies
E = English
F = French
G = Guidance and Career Education
H = Humanities and Social Sciences
L = International Languages
M = Mathematics
P = Physical Education
S = Sciences
T = Technology

This number identifies the grade.

1 = Grade 9
2 = Grade 10
3 = Grade 11
4 = Grade 12

This letter identifies the course type.

Grades 9-10

D = Academic
L = Locally Developed
O = Open
P = Applied (only available in grade 10)
W = De-streamed

Grades 11-12

C = College
E = Workplace
M = College/University
O = Open
U = University

Schools use this final character to distinguish course delivery

A screenshot of the myBlueprint dashboard. At the top, there's a navigation bar with "Home", "Dashboard", "Tasks", "Classes", "Goals", and "Portfolios". Below this, a dark-themed section titled "Complete your IPP Tasks" shows a progress bar at 16% and a button for "View All Tasks". A floating card titled "High School • Plan" displays "Plan Courses to Graduation" and "100 points". Below this, a white card shows "High School Progress" with a progress bar for "Official High School Plan" (13 credits until graduation). A red "Not Submitted" message is visible next to a "Plan Courses" button. To the right, a blue card titled "COMPATIBILITY SURVEYS Find your match" includes a magnifying glass icon and a red arrow pointing to the "Plan Courses" button in the white card above.

A notification states "Your courses are Not Submitted" with a "Not returning next year?" link. A progress bar shows three steps: "Step 1 Add Courses" (active), "Step 2 Review Courses", and "Step 3 Submit Courses", with a "Review Course Selections" button. The main area is a table of course options for Grades 9, 10, 11, and 12. The "Grade 9 Next Year" column is highlighted in blue. The table lists various subjects like English, Mathematics, Science, and Geography, with radio buttons for selection. A right sidebar shows a "Graduation Indicator" with "0/30 REQUIRED CREDITS" and a progress gauge. It also displays "0 Planned", "0 Earned", and "0 Total" credits, along with a "View Progress" button. Below that, a "Pathway Eligibility" section shows the last update date as "Oct. 22, 2020, 5:29 p.m." and a "Refresh Eligibility" button. At the bottom, it lists "Apprenticeship" (1), "College" (0), and "University" (0).

A screenshot of a web application interface for course selection. The background shows a list of courses under the heading "Grade 11 • HSP3U1 • 1 Credit". One course, "HFN201 - Food and Nutrition", is selected and its details are shown in a modal window. The modal window has a title bar with a close button and the text "HFN201 - Food and Nutrition". Below the title, it shows "HFN201 - Food and Nutrition" in bold, followed by "Grade 10", an Apple logo, "HFN201", and "1 Credit". The main body of the modal contains a paragraph of text: "This course focuses on guidelines for making nutritious food choices. Students will investigate factors that influence food choices, including beliefs, attitudes, current trends, traditional eating patterns, food-marketing strategies, and individual needs. Students will also explore the environmental impact of a variety of food choices at the local and global level. The course provides students with opportunities to develop food-preparation skills and introduces them to the use of social science research methods in the area of food and nutrition." Below this text is a section titled "Course Status" with three buttons: "Planned" (highlighted in blue), "In-Progress", and "Completed". At the bottom of the modal is a large blue button labeled "Add Course".

SHSM (Specialist High Skills Major)

Students can specialize in the following areas at Sinclair in grades 11 and 12:

- ❖ Business
- ❖ Environment
- ❖ Health & Wellness
- ❖ Sports
- ❖ Transportation

Specialist High Skills Majors let students focus on a career path that matches their skills and interests while meeting the requirements of the diploma.

- Students complete a specific bundle of 8–10 courses in the selected field
- They earn valuable industry certifications including First Aid and CPR qualifications
- They gain important skills on the job through cooperative education placements.

What is Cooperative Education?

Want to test drive a career? Take coop!

Cooperative Education allows students to gain secondary school credits while completing a work placement in the community. This program helps students prepare for apprenticeships, college, university or the workplace.

Benefits of Cooperative Education

Cooperative education gives you an opportunity to:

- Try out a career before finalizing plans for post-secondary education, training or employment
- Gain valuable work experience and build your resume
- See the relevance of classroom learning in the workplace
- Develop the skills and work habits required in the workplace.

Certificates

Students can earn the following certificates by completing **6 courses** in the following areas:

- Business
- Technological Education
- Arts

To qualify for an **International Language Certificate**, students need to take Grade 9 -12 French
